

The Devesa-Albufera Service of Valencia City Council is organising some **Virtual Workshops** within the framework of the Life Naturaleza Project "Restoration of coastal dunes with *Juniperus* spp. in Valencia", on 15th, 16th and 17th April 2008.

The main objective of this project has been to regenerate the habitat so that a population of marine juniper (*Juniperus oxycedrus* ssp. *macrocarpe*) reestablishes itself in La Devesa.

Participation in the Virtual Workshops will be online in real-time. A forum will be opened for participation by the lecturers and everybody who has enrolled and has a PC with Internet connection.

All the information regarding the Virtual Workshops from the schedule of discussions, documentation, lectures, forum and enrolment, may be consulted at:

<http://www.lifeenebro.com/lifeenebro/ESP/jornadas.htm>

To access and take part in these Workshops:

- 1- Enrol free of charge on the Project website:
http://www.lifeenebro.com/lifeenebro/ESP/jornadas_inscripcion.htm
- 2- The lectures (text and image) will be available in advance for consultation.
- 3- On 15th, 16th and 17th April you will have real-time access to the workshops by clicking on the link that will be added to the Website shortly.
- 4- Participants who cannot connect in real-time on these days may ask questions through the Virtual Workshops Forum.

Conclusions will be drawn from all the lectures and e-mails and published in a final document. They will be available to the public on the Project Website.
